A Visual Review

- Candlestick -

- White stone -

2:18 – Christ's description is intentional!

- His eyes –
- His feet –
- His title –

2:19, 20 – Christ's assessment is accurate.

- He notices the good:
- He identifies what is bad:

2:21-25- Christ's discipline is...

- Fair –
- Full –
- Final –

2:24-29 – Christ's promises are specific – "I will give..."

- According to your works!
- Authority to rule well with Him!
- His physical presence – He is the Morning Star!

Here's the point –

Is what happened in Thyatira now happening at Calvary?

How comfortable have I gotten with a "Jesus plus" theology?

- *Am I bold enough to address error when it's spoken?*
- *Am I humble enough to accept biblical correction when it comes my way?*

Jot down at least one example that pulls at you – either an example mentioned or another one that comes to your mind.
